The annual conference will be held as a joint conference with ACHNE in DC, June 9, 10, 11 and 12.

The logistics, continuing education requirements, plenary session and keynoters availability presented interesting challenges. The pre-conference session will include a session on advocacy and a trip to the "hill" for the attendees to meet with their respective representatives and/or senator.

Michelle Cravetz is to be recognized for effort in arranging for the keynoters and the preconference.

The following individuals were members of the ASTDN Planning Committee:

Louise Anderson
Michelle Cravetz
Janet DeVeny-Edwards
Glenda Kelly
Glynnis LaRosa
Clair Millet
Diana Pistole
Fran A'Hern Smith

A very special thank you to each of you. You made my work as co-chair much easier.
