**Projects/Issues Addressed This Year:** A new provider unit was formed to provide continuing education for nurses. An affordable option was needed because the Nebraska Nursing Association was no longer providing this service. The state can provide or co-provide with community organizations and local public health departments to provide continuing education for nurses. The provider unit has been a success in its first year of existence.

**Projects/Issues Pending:** N/A

### **Issues & Special Concerns for Public Health Nursing:**

Illegal immigrants are no longer eligible for Medicaid during pregnancy.
